

VIRAL 2.0

Viral...

That one word means something different to us today.

A post spreads

Get in all our heads

Singing babies,

Airborne cats

dash-cam disasters,

The trick shot that blows our minds.

Some funny,

Some inspiring

and some just plain dumbfounding.

Someone shares and another shares then whammo!

2.4 million views

And (WOW!) it's on the morning news.

It catches fire and travels around the world three times before we get our coffee in the morning.

Some shares enrage us.

Others engage us

And others - just outrageous.

Hilarious

Vicarious

And some, sadly nefarious.

Now imagine if the one big eternal message caught fire.

The greatest Message in all the history of this planet

What if that Message caught fire in our town, our state, and our phones?

It would be the only virus that healed the world.
