

THERE'S NO PLACE LIKE HOME

Andy and Lydia Manning started a new church in Youngsville, Louisiana. Starting a new church is called "church planting," and it means helping begin a church in a place where more people need to hear about Jesus. For many years, the church met in homes and other borrowed buildings before finally building a permanent church home. Mission Builder, a ministry supported by the Georgia Barnette Offering, helped volunteers and workers build the church so more families in the community can hear the gospel.

Below, search for the different places a church plant might meet:

Park Field Office School College
Living Room Coffee Shop Movie Theater

Pray that many families and children in Youngsville will hear about Jesus through the new church.

REACHING THE WORLD—NEARBY

Pastor Vinh (*vi-n*) Nguyen (*noo-when*) came to Louisiana from Vietnam many years ago and now leads Vietnamese Hope Baptist Church in Baton Rouge. His church helps reach Vietnamese families with the gospel.

Use the code key to uncover a reminder from Pastor Nguyen!

Pray that all people in Louisiana will hear about Jesus.

STILL THE CHURCH

New Friendship Baptist Church faced a terrible fire that destroyed their church building. Even though the building burned down, the church members decided they would continue meeting together and sharing the gospel. Volunteers quickly put up a tent for worship services, and today the church has a rebuilt building and continues reaching people for Christ.

Using the numbers, help rebuild the church.

Pray that New Friendship Baptist Church will keep sharing God's love with people in their community.
